YOUR SPEAKER INVITATION

Tas Tech Fest is Tasmania's flagship innovation summit—where visionaries, disruptors, and industry pioneers LIKE YOU help shape our future. What's coming next? What should we prepare for? What have you learned?

We want you to bring your insights and ideas and help us stay ahead. As a guest speaker, you'll speak to an audience of C-suite leaders, government decision-makers, influential CIOs, and the next wave of tech entrepreneurs. This is your platform to spark something big.

With two dynamic presentation streams, an Industry Summit, and our famous networking spread, Tas Tech Fest is Tassie's catalyst for real change.

Brought to you by TasICT – the peak body for the Information, Communication and Technology sector in Tasmania
